Re: LPC#11430408-Macon County
Decatur/Macon County Landfill

Dear Mr. Student:

This letter is in response to your letter of September 21, 1983 concerning the ground-water monitoring network at the referenced facility. We have attempted to restore the existing wells at the south end of the existing landfill operation. This action did not produce satisfactory results. We therefore are proceeding to develop a plan to upgrade the ground-water monitoring system. We will present a written plan for your review by the October 14th deadline stated in your letter.

If you have any questions please call.

Very truly yours,

SHAFFER, KRIMMEL, SILVER & ASSOCIATES, INC.
